

## Trent Lakes Council Meeting

Tuesday, July 12, 2022

Chris Kawalec, Community Development Program Manager, City of Peterborough  
Alana Solman, CAO, Township of North Kawartha  
Christie Nash, Arising Collective  
Re: Community Safety and Well-being Plan

Every municipality in the Province of Ontario is required to adopt a Community Safety and Well-being Plan (the Plan) as set out in the Safer Ontario Act, through the Ministry of the Solicitor General (Ministry). The Province has described the purpose of these plans as a tool for “taking an integrated approach to service delivery by working across a wide range of sectors, agencies and organizations to proactively develop and implement evidence-based strategies and programs to address local priorities related to crime and complex social issues on a sustainable basis.”

An unexpected outcome of these changes resulted in 3 townships withdrawing from the partnership established for the Plan to encompass the City, County and 8 Townships. The Townships of Cavan Monaghan, Otonabee South-Monaghan, and AsphodelNorwood provided notice on February 11, 2022 that they were opting out of the partnership to develop a Plan that better served the interests of their communities and recognize the constraints of the fall municipal elections

The Plan identifies the following 5 priority areas: 1. Housing and Homelessness 2. Poverty & Income Security 3. Health & Mental Health 4. Substance Use & Addictions 5. Transportation & Connectivity The Plan contains goals and strategies that align with a common outcome for each priority area. These goals and strategies build on existing work in the community and reveal gaps and opportunities for improvements and future work.

Recent Activities that support safety and well-being

6. Canadian Mental Health Association secured funding to create a new Mobile Mental Health and Addictions Clinic to reach underserved and rural communities.

9. Community Paramedicine Program that supports residents to age at home.

13. Volunteer Nurse Practitioner delivering primary health services for anyone experiencing homelessness through the Brock Mission. 14. Pending development of rural hubs in Havelock, Apsley, and Lakefield for local agencies serving the County of Peterborough to conduct rural outreach.

Summary

The Community Safety and Well-being Plan is an important step toward developing an integrated, multi-sectoral collaborative approach to community safety and well-being in the City and County of Peterborough.

Province indicated that it is a four year renewable plan.

Motion to receive and carried.

Tyler Peters, Project Director, Greenview  
Re: Design of New Dedicated Mechanic's Facility

[Dedicated Mechanic's Facility \(50% Design\)](#)

Please see plans on website under government then agendas and minutes for drawings. The drawings are all on the presentation which is linked on the presentation on the agenda. Building will house Public Works staff and Recreation and Facilities staff.

Re: 2022-2023 Insurance Renewal

[2022-2023 Insurance Renewal](#)

As Council will recall, the Municipality's insurance premium increased by \$201,591.00 in 2020 due the industry being in what is considered a hard insurance market. Hard markets typically last 2-3 years and result in less competition, higher rates, and more restrictive terms. There have only been 4 hard markets in the insurance industry since the 1970's and the root cause of these is a significant drop in underwriter profits from the increasing cost of claims. Top drivers of claims include: ➤ Climate change/property losses ➤ Class action lawsuits ➤ Joint and Several liability ➤ Cyber attacks

1. Donna Teggart, CAO/Treasurer  
Re: Supervisor of Waste/Public Works Coordinator

[Supervisor of Waste/Public Works Coordinator](#)

That Council approve changing the current Waste Management/Public Works Coordinator position to Supervisor of Waste Operations/Public Works Coordinator effective July 18, 2022; and further That the position of Supervisor of Waste Operations/Public Works Coordinator be changed from 35 to 40 hours weekly effective July 18, 2022; and further That Chelsea Carpenter be the Supervisor of Waste Operations/Public Works Coordinator effective July 18, 2022.

**Notice of Motion**

- 15.1. Mayor Clarkson
