Haul Route Agreement  
(Deferred from October 4, 2022 Council Meeting)

[Municipality of Trent Lakes and Dewdney Mountain Farms Limited  
Haul Route Agreement](#)

Correspondence is being addressed from Sept'22 dealing with Quarry and Ledge as haul route.

The area of the forced road which is located on Ledge road is the focus. Concern is primarily with the road based on informal measurements taken by staff. Varies anywhere between 24 and 25 feet. The width is 7 meters which is not wide enough.

The proponent is seeking to obtain a survey  
No questions.

Barb Waldron – David White stating that lots were created on an unassumed road gave her concern. She referred to John Ewart. They will discuss at later date.
